

**Mission of Mary Farm**  
**2019 CSA Registration**  
**Farm Veggie Membership Program**

missionofmaryfarm@gmail.com  
 619 Silver Ln. Dayton, OH 45410  
 937-823-1308

Members of our unique CSA program participate in the mission of our non-profit. Mission of Mary is a 501(c)(3) organization that works on food justice issues in the inner east side of Dayton. We distribute fresh locally grown produce to our members of various income levels. We also run nutrition and gardening education programs, a kids’ summer camp, and a neighborhood backyard garden program. We do this work because we know that each community needs knowledge of and access to healthy produce!

By becoming a member of our CSA you receive a great bounty of fresh farm produce for 24 weeks and donate to our non-profit’s mission. **We grow our food on urban plots using sustainable, chemical free growing methods.** This is our **8th growing season** and each year we are able to grow more and higher quality produce while also providing more food and garden related programs for our community.

**The Details** Pick-up your share each **Wednesday from 2pm – 6 pm** at our urban farm location. This gives you a chance to see some of our operation, get to know our farm team, and meet other members. **The season lasts for 24 straight weeks– from May 29th to November 6th.** Each member pays a small donation included in your membership cost. It is a tax deductible donation that allows us to offer a lower subsidized cost veggie membership program for our low income & food insecure neighbors.

**Large Share** – Suggested for a family of three to four (or two hungry veggie lovers).  
 (Retail value of \$28 + \$5 donations = \$33) x 24 Weeks = Total Cost of \$792 for season  
*Total tax deductible donation = \$120*

**Small Share** - Suggested for a family of one or two light veggie lovers.  
 (Retail value of \$19 + \$4 donation = \$23) x 24 Weeks = Total Cost of \$552 for season  
*Total tax deductible donation = \$96*

**What Foods to Expect** We grow over 70 different varieties of veggies, herbs, and some fruit! Each week the CSA share has 8-12 vegetable items in it and comes with a weekly newsletter, storage tips, and recipe ideas. The produce in each weekly share is fresh from our gardens and is all locally grown, and without pesticides or herbicides.

An *early summer* share may include: radishes, lettuce, broccoli, kale, spring onion, micro-greens, and cabbage.  
 A *late summer* share may include: onions, hot peppers, green beans, tomatoes, zucchini, squash, and eggplant.  
 A *fall* share may include: sweet peppers, butternut squash, carrots, leeks, swiss chard, lettuce, garlic, and beets.

**Payment and Questions** Make checks payable to “Mission of Mary Cooperative” and mail or drop off with the form below. ***Please contact us for payment plan options if full upfront payment is not an option for you - we regularly work with members to set up a payment schedule.*** If you have any questions at all – or want to come meet your farmers and see our operation - contact us, we’d love to hear from you! ***If you only wish to order for only a portion of the growing season - contact us and we can work out how to make that work for you!***
